

# CS Micro Fiber Cloth Polish Extreme

V01  
10/2019**Microfiber cloth**

## :: CHARACTERISTIC

The Carsystem Micro Fiber Cloth Polish Extreme has an extremely high absorption capacity and is perfectly suited for the absorption of polishes and waxes. The hemmed edges prevent the microfiber cloth from leaving scratches in the paint surface.

The microfiber cloth is lint-free, tear-resistant, silicone-free and washable up to 30°C without any washing additives.

## :: APPLICATION

The Carsystem Micro Fiber Cloth Polish Extreme is perfectly suited for every scope of application, from the removal of sanding dust to high gloss finish.

## :: PRODUCT DATA

### Technical data

Synthetic material: 80% Polyester / 20% Polyamide fiber  
Weight: 800 g/m<sup>2</sup>  
Dimensions: 40 x 40 cm

## :: SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, expect we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery terms and conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
